Re: State of Delaware Petition

Dear Sir/Madam:

Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552, we hereby request information and documentation submitted as part or in support of the Petition of State of Delaware Department of Natural Resources and Environmental Control to the USEPA pursuant to Section 126 of the Clean Air Act for Abatement of Emissions from the Brunner Island Coal Fired Generating Units in Pennsylvania, submitted on or about July 7, 2016. The requested information includes but is not limited to the following electronic files:

Emissions:

- Raw inventory files used in processing Brunner Island power plant emissions
- SMOKE processing related files for the modeling domain, including:
 - o Run scripts
 - o Assign files
 - o Ancillary files (ge_dat, surrogates)
 - o MCIP files (if used)
 - o Log files from processing of each sector
- Pre-merged SMOKE emissions from all emissions sectors
- Non-SMOKE processed emissions files
- CAMx-ready emissions files

CAMx data:

- CAMx v.6.1 source code including makefile and camx.prm files
- CAMx runscripts and logfile samples
- Runscripts and input data used to generate ancillary data (ahomap, tuv, wrfcamx) and sample logfiles
- Ancillary data including wrfcamx model ready meteorology

July 20, 2016

Page 2

- CAMx ready initial and boundary conditions input data
- CAMx output files including all binary outputs, logfiles and receptor files
- Available post-processing and analysis results such as spatial plots, time series and scripts used to determine ozone contributions from the power plant

We realize that the information may need to be provided on external hard drives which may be mailed to our attention. Kindly advise if the fee to fulfill this request is in excess of \$500.00. You may contact me directly at (484) 430-2323 or pvigna@mankogold.com. Thank you for your assistance.

Very truly yours,

A handwritten signature in black ink, appearing to read "Patricia M. Vigna", followed by a long horizontal flourish line.
